

GENERATOR PROGRAM AGREEMENT

Name: _____ Electric Acct #: _____
Home Phone: _____ Cell Phone: _____
Service Address: _____ City: _____ Zip: _____

Member and Southeastern Indiana REMC desire to install a 22 KW Generac Generator and Transfer Switch, or its equivalent (Generator) at the Member's residential premises.

Member and SEI agree as follows:

1. SEI agrees to sell to Member and install at Member's premises either a Liquid Propane or Natural Gas Generator at a discounted price of **\$5,200**, plus additional charges for optional equipment. **This unit has a 7 year warranty.** Member agrees to carry a \$300 Annual Maintenance Agreement for minimum of five (5) years.
2. **The term of this Agreement is for a minimum period of five (5) years from the signature date.** If Member chooses to **terminate this agreement** within the first 5 years, member will reimburse REMC \$2,500 payable within 30 days of termination. Termination in year six (6) requires member to reimburse REMC \$1,000 payable within 30 days of termination, and year seven (7) requires member to reimburse REMC \$500 payable within 30 days of termination.
3. Member will be served under the Residential Rate Schedule.
4. Member agrees that SEI may operate the installed generator at the Member's premises associated with the account number above during periods of time determined by SEI in its sole discretion ("control periods"). The control periods shall be limited to the winter months of December, January, and February and the summer months of June, July, and August. **Member will receive a \$50 monthly control period bill credit for complying with program guidelines.**
5. Member may receive day ahead notification of scheduled load control by providing REMC with email, phone number, etc. Member understands that SEI is not required to give notice prior to operating the generator during control periods.
6. Member agrees to assume all responsibility for any loss or damage or claim at the Member's premises associated with the account number listed above due to an interruption or reconnection and to save and hold harmless SEI for any claim of loss or damage by Member or any other person due to an interruption or reconnection.
7. Member agrees to provide a 300 gallon or larger LP gas tank, or connect to Natural Gas on-site and maintain adequate fuel level at all time (minimum 25% tank capacity). Failure to maintain a 25% minimum capacity may cause the unit to fail during a load control period. In such event, member will forfeit that month's fuel credit.
8. **Method of Payment:** Pay \$5,200 plus additional material upon completed installation _____, or Lease to Own - pay \$1,375 plus additional material upon completion – pay \$1,375 quarterly.
