MINIMUM MONTHLY CHARGE

The minimum monthly charge under the above rate shall be no less than the facilities charge where 25 kVA of transformer capacity is required. 2. In general, motors rated in excess of twenty (20) horsepower must be three-phase.
3. Consumers may connect incidental lighting to three-phase power circuits from the power meter; provided that the connected load and kilowatt-hour consumption of the incidental lighting shall not exceed 20 percent of the active connected power load and kilowatt-hour consumption.
