GENERATOR PRICE INCREASE IN 2023

Lock in the Current Price Now!

The cost of Generac generators and supplies is expected to increase in 2023. When this happens the REMC will also implement a price adjustment.

The current price for a 22-kw total home backup generator (including installation and maintenance) is \$6,900. We are encouraging members who are thinking about making this investment to act now to lock in the current price while it is still available.

We will continue to offer a one-year financing option to ease the financial burden of the purchase.

For more information about the generator program, visit <https://www.seiremc.com/generatorprogram> or call 800-737-4111.

2022 Rebate Deadline

SEIREMC's rebate program in partnership with Hoosier Energy is designed to encourage members to purchase energy efficient equipment to help you save energy and lower your electric bill.

Residential rebate incentives are available for air-source heat pumps, electric outdoor equipment, geothermal heat pumps, HVAC tune-ups, mini-split heat pumps, and heat pump/hybrid water heaters.

Visit our website for more details and the terms and conditions of the rebate program.

The deadline to submit an application for a 2022 residential rebate is December 15.

Earn incentives **for using less energy** during peak hours

Do you currently own or plan on purchasing a smart thermostat or electric vehicle charger?

If so, we encourage you to enroll in Connect to Save, a pilot for Southeastern Indiana REMC's electric residential members. Connect to Save rewards you for allowing us to adjust your thermostat or EV charging habits during peak periods.

Upon enrollment approval, you'll receive an initial incentive of \$75 per device enrolled. Each year after that, you will receive an additional \$25 per enrolled device.*

For more information or to sign up, visit our website and start saving!

seiremc.com

Be sure to ask your electric cooperative how to qualify for a **FREE Level 2 electric vehicle charger!**

HOOSIERENERGY

*Participants must be actively enrolled and participating in the pilot for a minimum of 6 months to be eligible to receive the end of year annual incentive.

**We reserve the right to modify the terms and conditions at any time without prior notice.
