

South Ripley's 'Real World' Event

Southeastern Indiana REMC is proud to have sponsored South Ripley Junior High's Real World event once again this year, helping 8th-grade students gain valuable hands-on experience in financial literacy and career planning. As part of the school's Career Exploration program, students choose a career, receive a salary, open a bank account, and navigate real-life expenses like rent, groceries, and utility bills — including electricity and internet. By supporting this initiative, we're investing in the future workforce and empowering young minds to make informed career and financial decisions.
