

Michael Watson 2023 Bio

Michael Watson has been a member of Southeastern Indiana REMC for over 30 years. He owns a small farm and understands the importance of neighbors helping neighbors. His business experience includes 41 years in the manufacturing industry, serving as an industrial engineer and plant manager.

Watson has served in leadership roles and given presentations in boardroom settings as well as town hall meetings. He has created budgets and has directed and coached employees as well as kids' ball teams in the community. He has been involved in manufacturing-related projects, capital expenditures, workforce planning, and HR policy writing.

He holds an associate degree in industrial engineering from Cincinnati State College and a bachelor's degree from Millikin University in organizational leadership.

Watson believes the Board should be focused on co-op improvement; ensuring that services are secure, reliable, and cost-efficient. He is also interested in the co-op's ability to meet the added demand for electric vehicles as they become more prevalent in the future.
