YOUR ELECTRIC COOPERATIVE LISTENS

Help us provide reliable service.

As a residential member-consumer, the better we understand you, the better we can serve you. That's why Southeastern Indiana REMC occasionally surveys our members to identify emerging trends in power usage.

With the help of SMARInsights, an independent research firm, we are conducting an online survey to identify the types of heating and cooling systems, electronic devices and appliances you use. This will help us develop plans to provide reliable and efficient electric service throughout our communities.

Participants in the survey will be entered for a chance to win one of five \$100 Amazon e-gift cards.

Scan this QR code with your smartphone or visit the link below to participate in the survey!

GEO THERMAL HEAT PUMP

Rebate

Rebate for a new constructed geothermal heat pump or replacing another electric resistance heat, gas, heat pump or geothermal. Desuperheater is recommended, but not required. Equipment must be installed in the account holder's primary residence and the residence must be serviced by Southeastern Indiana REMC.

All homeowners must provide a completed Geothermal Heat Pump Rebate application form, a proof of purchase/invoice and a copy of the equipment's AHRI certificate to receive this rebate. Application must be received by Southeastern Indiana REMC by December 15, 2022 and within 90 days of the rebated equipment's installation date in order to qualify for the 2022 Rebate Program.

To view the full list of requirements, download the application and learn about other rebates offered by Southeastern Indiana REMC, visit www.seiremc.com/rebates

LEARNING AT THE SPEED OF LIGHT.
