

## ***Southeastern Indiana REMC*** **October 2017 News, Activities, and Current Events**

### **22 kW GENERAC PRICE INCREASE JANUARY 2018**

**For a limited time only**, you can have a 22kW total home backup generator and transfer switch installed and maintained by your REMC for the discounted price of \$4,700. This offer ends December 31, 2017. For the past 5 years your REMC has worked with Generac Inc. to maintain this discounted price. **Beginning January 1<sup>st</sup>, 2018 the cost of a Generac 22kW generator and transfer switch will \$5,200 installed.** Don't wait until storms hit or it's bitterly cold outside and you find yourself sitting in the dark wrapped in blankets while electricity is being restored – with a Generac 22 kW generator, electricity is always there when you need it. Call 1-800-737-4111 and order your total home backup generator.

### **HERE'S WHAT \$50 WILL GET YOU - HOME ENERGY AUDIT OR HVAC WINTER CHECKUP. DO IT BEFORE WINTER ARRIVES**

For \$50, we will do a home energy audit which takes about 2 hours to complete and can be performed by our energy expert at your convenience. The audit will identify areas in need of improvement in and around your home. To maximize your savings and allow your HVAC system to operate at maximum efficiency, our energy expert will carefully inspect your home and identify areas that need updated or repaired by using the FLUR device that detects hot and cold spots in your home, which simply means you have air movement in and out of your home. . Simple measures such as caulking, insulation, or sealing around doors and windows can save you money and make your home more energy efficient. As an added incentive, your REMC marketing program offers rebates for insulation, duct sealing, HVAC systems and much more. Have a contractor make energy saving improvements to your home and we will give the \$50 back. Give us a call – we will be glad to explain the marketing program and schedule a home energy audit.

**PLUS – Have your HVAC inspected by qualified HVAC expert and we will give you a \$50 credit.**

### **GET \$50 CASH FOR THAT OLD REFRIGERATOR OR FREEZER**

REMC members can have their old inefficient refrigerator or freezer picked up at their home and receive \$50 from the REMC. Call 1-800-737 to schedule a pickup. Limit 2 per household.
